Introduction

Fellow Trapper & Predator Supplies Dealers,

Here is our new 2016 – 2017 Wholesale Catalog. You will find our prices very fair and competitive, our selection very good and our service very fast / efficient.

We are the home of AuSable Brand Trapping Products, Pcs Feather Light Dog Proof Traps, and AuSable Brand Earth Anchors, all made in the U.S.A. In 2015 we launched AuSablefur.com which includes all the fine fur products that we manufacture from Oscoda, Michigan.

We also carry a full line of Traditions Muzzleloaders and Accessories as well as Barnett Crossbows, and Rocky Boots available for retail. We are an FFL dealer with an assortment of rifles, pistols, and shotguns. I'm the Division Director for Pcs Outdoors. In addition to being a trapping supply dealer for decades, I have been an avid trapper since 1969. January 2016 marked the year that the world received the announcement that I would carry on the Lenon's Lure tradition which dates back to 1924. Lenon's Lures have been on the market consistently every single year since 1924!

The majority of our staff is experienced, having been with us for many seasons. Many are trappers too. All are appreciative to you, our customers, for the jobs we all enjoy and value. *All prices are subject to change.

Lenon Lures Since 1924

Beaver Super All Call -

This heavy grease consistency, totally waterproof paste lure contains plenty of high quality castor, essential oils, and unusual aromatics that make it irresistible to beaver in any season.

Mink Nature Call -

The most attractive lure of its type ever sold! A supreme liquefied lure blended with choice mink glands and female secretions, rare expensive musks, and select ingredients that really attract.

Mink Super All Call -

This thick and long lasting paste lure contains the mink's favorite freshly preserved foods blended with secret ingredients, a hint of pure mink glands and an enraging musk from a natural enemy that will anger mink beyond the point of caution.

Weasel Super All Call -

A thick paste formula of fresh blood, weasel musk and genuine old-time secret weasel calling ingredients that really gets the weasel's attention.

Bobcat Nature Call -

This popular liquid type urine-gland-passion scent with a touch of genuine catnip really holds a cat's attention a Deadly Grey Fox lure too!

Fox Nature Call -

A premium mixture of Red Fox glands and enhanced female secretions are liquefied into a remarkable natural type lure. All natural passion and curiosity ingredients are added to really bring fox into the set!

Mink Super Range All Call -

Same thick paste, multiple ingredient formula as Mink #1 with more calling power. This thick and long lasting paste lure contains the mink's favorite freshly preserved foods blended with secret ingredients.

Muskrat Super All Call -

Musk rats really go for this powerful and unique aroma of intensely sweet aromatics, essential oils, muskrat musk, and a remarkable secret ingredient used by no other lure maker!

No raccoon will pass this extraordinary lure! A premium, thick paste blend of the raccoon's favorite foods loaded with sweet smelling musk, powerful essential oils, and secret ingredients that bring them in on the run!

Russ Carman Lures

1 oz. \$6.00 4 oz. \$20.00

Russ Carman Beaver Lure No. 1 - Made with a base of freshly preserved green castor with beaver oil sacs plus other ingredients.

Russ Carman Blackfoot Lure - a highly effective lure for trapping those elusive grey and red fox. Blackfoot catches an occasional coyote as well.

Russ Carman Bobcat Gland Lure - This lure is thick, powerful and aged to the point of being a deadly fur taker.

Russ Carman Canine Call Lure - Good for any type of set for fox, coyote, bobcat. Very valuable in colder weather.

Russ Carman Canine Cream Lure - an all around canine lure which is capable of working in all climates.

Russ Carman Castorium Lure - high quality ground and preserved beaver castorium.

Russ Carman Coyote Gland Lure - Contains plenty of sweet smelling, preserved rat musk with powerful and appealing oils added. Made extra thick and heavy to withstand heavy rains and cold nights.

Russ Carman Deep Creek Mink Lure - A careful blend of that natural mink odor with added glands, musks, and passion ingredients. For land or water sets.

Russ Carman Final Touch Lure - Totally different, heavy based lure, loaded with real canine and cat calling odors.

Russ Carman Grey Fox Gland Lure - comes as one of the best and only grey fox gland lures on the market. Apply this lure to baited sets or post sets for best results. An ideal lure to use during the mating season!

Russ Carman High Noon Groundhog Lure - One of the best groundhog lures on the market today. Very effective lure for those big hogs that are locked up.

Russ Carman Magna Gland Lure - Multi-purpose lure, deadly attractant to all wild canines, bobcat and coon.

Russ Carman Marten & Fisher Lure - a dual species lure that has had tremendous results for both the elusive Marten and Fisher. Great lure to use in box sets. Also been known to catch a few weasels.

Russ Carman MCL 100 - Tests have shown this to be the most deadly muskrat lure I've ever tried. Like no other muskrat lure you have ever tried.

Russ Carman Mega Musk Lure - It elicits a very aggressive scratching and digging response from fox and coyotes. Made with new and unique ingredients that hold an attraction to canines.

Russ Carman Midnight Coon Lure - Sure to become my biggest selling coon lure. Good anytime.

Russ Carman Mink Gland Lure - a very strong and bold mink odor. Use this lure in the winter months when the snow has been flying. This gland lure will pay dividends during mating season.

Russ Carman Oil Apple Muskrat Lure - a sweet apple based lure that is sure to work for Muskrat Trapping.

Russ Carman Predator Lure - works on different types of predators. Just add a few drops to your set.

Russ Carman Raccoon Lure No. 1 - Contains rare and costly ingredients most of which are used by no other lure dealer. Its sweet and long lasting odor will attract coon weeks after it is placed at the set.

Russ Carman Raccoon Lure No. 2 - For trappers that like a coon lure with fox lure like odor. No coon will pass your set.

Russ Carman Red Fox Gland Lure - A semi liquid lure with the sweet odor of mink. Great for bait sets, pocket sets or tunnel sets.

Russ Carman Silent Partner No. 2 - A heavy, oily type lure with a lingering and long lasting odor that will really catch and hold the interest of red and grey fox.

Russ Carman Skunk Lure - works to trap those nuisance skunks.

Russ Carman Stillwater Muskrat Lure - similar to Carman's Hudson Seal Lure but has the advantage in standing water situations such ponds, lakes or ditches. Stillwater can be used during any season.

Russ Carman Three Rivers Mink Lure - Has an odor different from most on the market, but it holds an attraction for mink that will amaze you.

Russ Carman Trails End Lure - A thick, heavy lure with a powerful odor that will last days and even weeks.

Russ Carman Triple Threat Lure - an awesome lure for peaking the curiosity of fox, coyote and bobcats. Works throughout the trapping season. Works for the trapper who is looking to change up at sets.

Russ Carman Triple X Lure - will produce results! Use as a changeup lure for your existing sets. This bait is so thick it is almost weatherproof. Preferred by many as an early season bait. Works better in warmer weather. (Not a Frigid Weather Bait) Proven red & grey fox lure, also works on coyotes.

Russ Carman Trophy Deer Lure - exactly what the title states, a trophy deer lure. Sure to attract trophy deer, works on both bucks and does.

Russ Carman Weasel Lure - a very strong and bold weasel odor. Be sure to use Carman's Weasel Lure in your weasel boxes. Smear on back corners of weasel box so weasel crosses over pan.

Russ Carman Wind River Beaver Lure - Contains a thick heavy base of green castor and oil sacks with an added ingredient that appeals to the territorial instincts of both male and female beaver.

Mark June Lures

1 oz. \$6.00 - 4 oz. \$20.00

Mark June's Brown Sugar Lure - A thicker blend of high grade mink glands and musk oils from food sources that mink prey upon every day. Full of drawing power, designed for even the slippery bucks. Excellent otter lure and as a change up lure for fox and coyotes.

Mark June's Canine Candy Lure - Great for Timber Wolves, Coyotes and Fox - This lure performs all season long on coyotes, fox, and timber wolves and is exceptional on all cat species as well. A "deadly sweet" change-up to our gland based lures. Works great with or without bait.

Mark June's Cherry Red Fox Lure - This is a pure fox gland lure that never goes out of style. Fresh preserved glands are mixed with properly aged glands with a pinch of urine to produce that "foxy" smell that really slams 'em. This is a great lure which has proved itself during early season trapping.

Mark June's Flattail Frenzy Lure - This is not a plain castor paste, but rather a liquid lure containing castor, oils and highly alluring musks designed to increase success rates at all baited beaver sets. When you place a drop on the water, it actually swirls and dances as it heads off downstream looking for flattails.

Mark June's Fox Frenzy Lure - Top Seller - This lure has become one of the largest selling lures in America with a customer base in all fur zones. You can depend heavily on this lure all season long for red and grey fox, badgers, coyotes, bobcat, lynx, and most main predators across the Americas. Fox Frenzy is a blend of fox glands and musks that's truly different. Great combination lure with Mark June's Widowmaker as well.

Mark June's Muskrat Frenzy Lure - When rats are bringing good money, you have to use a lure to maximize your catch! This lure does just that with a blend of six proven attractants. Dynamite on feed beds and muskrat runs.

Mark June's Primetime Coon Lure - A food based coon lure with extremely permeating musks plus shellfish essence as a kicker. This lure works great to lure raccoons into pocket sets, dirt hole sets, and cage traps.

Mark June's Ridgerunner Coon Lure - This lure is the super sweet partner to Primetime Coon. A strong, minty aroma, this call can be used anywhere raccoons are found, but it is at its best along the waterways. This one really dissipates and works on those muggy, foggy nights, when coon are running.

Mark June's Shellfire Lure - There aren't too many products that even compare with this fine oil when it comes to pure calling power for furbearers. Pure, uncut shellfish oil with an additive for extra punch.

Mark June's Smokey Post Lure - It's an "Ace-in-the-hole" type of lure to juice up your urine posts for maximum results. Predator control agents report that canines readily approach in all kinds of weather, hot to cold. It is recommended to use 4-6 drops during warmer weather and 6-10 drops when it gets to be colder.

Mark June's Silent Stalker Lure - This bobcat lure is gland based with ingredients that are proven cat attractants. At the present day price of cats, you CANNOT mess with other lures. Mark personally cuts, trims, grinds and ages all the glands in the Silent Stalker lure.

Mark June's Songdog Supreme Lure - This all weather, all season coyote gland lure contains the same formula as the best selling Fox Frenzy, except it's loaded with aged fresh cut coyote glands instead of fox glands. Use it with your favorite baits for top-shelf results.

Mark June's Windwalker Lure - Top Seller

A predator food lure with a thick, syrupy consistency. For those of you who like a pinch of pure quill skunk, it's in there. The seven ingredients used to make this lure are all natural to a predator's diet so there is nothing in this bottle to spook 'em. Effective at all types of sets.

Leatherwood Creek Beaver Call Lure #503 - Still contains castor but has several ingredients that make this more of a food type lure. A great change up lure that will fool Mr. Chiseltooth.

Leatherwood Creek Black Gold Lure - Test results and trapline usage have made this lure a first choice, go to lure. Based on the classic formula of beaver castor and muskrat glands with additional layers of attractants to enhance maximum effectiveness! Great for coyotes, bobcats and fox.

Leatherwood Creek All Call Predator - The name says it! Excellent all season predator lure, concocted with fox and coyote in mind. Extremely enticing, no canine can pass it up. Not just another option, but an important lure on any fox and coyote line.

Leatherwood Creek Mink Gland #703 - Serious gland lure for the serious mink trapper. Made from top quality mink glands, sure to produce mink and keep the stretchers in use.

Leatherwood Creek Muskrat Lure #603 - An extra sweet muskrat lure that really calls the 'rats. A good muskrat lure that speeds up time spent at a location - helps the rat trapper to be more efficient. Works good on coon and beaver too.

Leatherwood Creek Predator Magnet #406 - Another all season predator call lure. Not only a change up lure but a first choice lure as well. When setting numerous sets in an area, a wide variety of smells are important to catch trap shy animals. This lure is a complicated blend of ingredients that are aged to perfection.

Leatherwood Creek Predator Seducer #404 - A complicated lure that has proven hard to resist by any passing fox or coyote. Passion ingredients along with careful aging make this lure a must. Works well all season and holds up well in cold weather.

Leatherwood Creek Beaver Gland Lure #502 - An excellent castor based lure. With the price of beaver you can't afford to be without this lure. Will work anywhere beaver lure is needed - works great on castor mound sets.

Leatherwood Creek Coyote Carnage #405 - An all season predator call lure. Works well in warm weather as well as cold. A lure that will keep a predators interest at a maximum. Works well on foxes. Has become a first choice lure for many trappers!

Leatherwood Creek Coyote Gland Lure #202 - We have developed this lure over the past several years and the results have been excellent. A gland based lure that will hold the coyotes attention and cause him to work your set.

Hoosier Trap Supply's Leatherwood Creek Early Season Predator #402 - An excellent early season, warm weather lure for foxes and coyotes. Good for states with October or early November seasons. A relatively sweet smelling lure that won't cause canines to roll on your set. Can be used alone or with a mild smelling bait. Many trappers have found that this lure works well all season. Even in very cold temperatures. A lure that no one can be without.

Hoosier Leatherwood Top Dog Predator Bait

Top Dog Predator Bait is sure to work on Coyotes, Fox and Bobcat. A great smelling predator bait which will have the canines working your sets.

E.J. Dailey's Badger Lure - A heavy, badger gland lure, long lasting, powerful and sure.

E.J. Dailey's Beaver Lure - Beaver castor extract, blended with musks and oils from natural food and plenty of beaver to its credit.

E.J. Dailey's Cats No. 1. - Heavy natural type created from cat glands and secretions. Works great during the winter and fall seasons.

E.J. Dailey's Cats No. 2. - Unfreezing base with genuine oil catnip blended with musks. Both numbers good for wildcats, lynx, lions, etc. Cats No. 2 and No. 1 are both great lures for cats of different geographical regions.

E.J. Dailey's Civet Lure - The civet trapper can make money trapping these small animals by the aid of this lure.

E.J. Dailey's Coyote #5 - Government special gland lure and gett'er scent.

E.J. Dailey's Coyote #6 - Government special call lure.

E.J. Dailey's Fish Lure - Hundreds of formulas were tried before one was found that actually attracted fresh water fish. It is only necessary to place a few drops on bait or hook.

E.J. Dailey's Fisher Lure - Fisher travel over wide areas and only a powerful, appealing lure will call them to sets regularly. Plenty of experience produced this lure.

E.J. Dailey's Fox Lure #1 - The base of this is fox glands and secretions and it will not only call fox to your sets but will actually make them less suspicious. More foxes have been taken with this lure than any other ever made. Intended for all use but good at all times. Will attract both red and gray fox.

E.J. Dailey's Fox Lure #2 - Same formula as No. 1, but with additional ingredients valuable in extreme cold weather. An unequaled winter lure.

E.J. Dailey's Fox Lure #3 - A real fox matrix lure with other passion ingredients added and extremely valuable during January and February.

E.J. Dailey's Fox Lure #4 - A highly concentrated food and curiosity lure for the trapper who desires a bottle of something different. The odor remains for long periods at sets. For red or Gray fox.

E.J. Dailey's Grey Fox Lure - A great bait to capture the keen senses of grey foxes. A lure targeted for grey fox but also works wonderful for red fox as well. Carries a pungent smell and has all the right ingredients needed to call fox.

E.J. Dailey's Long Distance Call - Here is an attractor made from the most powerful of ingredients to reach out and call fur animals from the longest possible distances, and will attract bobcat, lynx, fisher, wolf, fox, marten, mink, weasel, skunk, etc. Place a few drops on some object near but not right at the set and well above the set when possible, then use our regular lure at the set to allay suspicion, etc., and watch your catches increase.

E.J. Dailey's Marten Lure - Only a marten lure that will stand the cold of high altitudes is really valuable, and this lure has it.

E.J. Dailey's Mink #1 - A blended lure of mink secretions, musks etc, unlike any other. No mink will pass it.

E.J. Dailey's Mink #2 - A mating time lure created from passion ingredients and very valuable during February and March.

E.J. Dailey's Muskrat #1 - Natural musks blended with oils.

E.J. Dailey's Otter Lure - It takes otter glands from all states where found to produce this super lure, second to none.

All E.J. Dailey's 1 oz Lures - \$4.75 Each

E.J. Dailey's Raccoon #1 Lure - Many trappers have found coon hard to call, but my special, tested formula makes coon trapping easy. Good for both water and land sets.

E.J. Dailey's Raccoon #2 Lure - A powerful long lasting food lure that really calls in the ring tails. Be sure to try to bottle and cash in on high coon prices this season.

E.J. Dailey's Raccoon #3 Lure - Is designed with the water trapper in mind. Holds up under all weather conditions. Great for pocket hole sets. Made with fresh, not aged fish. Excellent for both coon & mink.

E.J. Dailey's Raccoon No. 4. - A unique bitter sweet odor that draws coons from long distances. Works well at all times of the year.

E.J. Dailey's Skunk Lure - A powerful lure that has been known to call skunk for 1/2 mile and to lure them from dens when hibernating.

E.J. Dailey's Super All Purpose Lure - If you make one set for various fur animals or if you feel you cannot afford a bottle of Dailey's Famous animal Gland Lure for each species, here is an all-purpose lure perfected after years of testing, that is in a class by itself, backed by the reputation of E.J. Dailey, America's Master Trapper. This is not a mild lure, but a powerful lure that will call animals from long distances, and is guaranteed to increase your catch. It is intended for all fur animals except muskrat and beaver, and high priced ingredients and expert compounding and blending has produced this Super Lure.

E.J. Dailey's Wolf and Coyote Lure #4 - A powerful food and curiosity lure, for the trapper who wants a bottle of something different. Very lasting.

E.J. Dailey's Wolf and Coyote No. 1. - A natural type, carefully blended wolf gland lure for fall and early winter. The most expert wolf hunters in North America use Wolf and Coyote No. 1.

E.J. Dailey's Wolf and Coyote No. 2. - A wolf gland lure of rare calling power with special base to withstand extreme cold. Works well with long range calling power, to attract coyotes from great distances.

John Graham's "Fur Country Lures"

Available in 1 oz. \$6.00 and 4 oz. \$20.00

John Graham's Bonanza Cold Predator LDC Lure - A loud, reaching call lure. When you open the cap "skunk" comes out at you. This lure can be used at the set, or above set to get animals in the general area. Great on all canines, as well as fisher and marten. Full of glycerin to make it easy to apply in the dead of winter. For early season use, three to four drops will work. Great down a dirt hole set with light covering. If you want SKUNK this is it. A favorite of many professionals to use during November on.

John Graham's Enticer Fox Gland Lure - A quality fox gland lure, made with fresh glands, but with extra 'snap.' Very heavily used in Midwest for fox, This could possibly be my best selling fox lure in a few years.

John Graham's Blaster Bonanza Predator Food Lure - An extremely attractive food/curiosity lure. A completely different base than the other Bonanza Lures. This lure will cause canines and 'coon to lick, scratch, and hang around a set. Don't let the name fool you, this is not loud or offensive, but a fragrant, pleasant, desirable attractant. Use it down dirt holes for October fox also.

John Graham's Cache Creek Beaver Lure - Another top quality lure to be used in any situation. Completely different than any other lure smell yet. Castor based and topped off with a unique smell to appeal to all beavers. The beavers of the North just can't resist!

John Graham's Tomcat Bobcat Lure - Graham's #1 bobcat lure without a doubt, the best on the market today. Bobcat gland based, with passion and curiosity ingredients blended in to make a superior, all around 'cat lure. This lure will call 'cats from a distance yet won't cause them to "shy" from the set at a few feet, like some lures seem to do.

John Graham's Bonanza Mild Predator Lure - If one lure had to do it all, this would be it. It's our biggest seller by volume for John Graham Lures. The best M-44 scent made, bar none. This mild, grease based scent will have predators wanting to lick, grab, and bite. Great at multiple species sets, as well as gang sets for canine and 'cats. It can be used at any type of set, but really "shines" at flat sets. This lure has been a favorite of top trappers for many years. It has a mellow, lingering, super attractive scent. Five or six drops is all you need.

Graham's Deception Coyote Gland Lure - Deception Coyote Gland Lure Made from pure, fresh coyote glands. The natural smell of coyotes concentrated. A natural decoy that preys on the coyote reactions to smells of his own kind. All season.

John Graham's The Boss Beaver Castor Lure - This castor based lure will make open water trapping easy. It will create an intense curiosity and territorial response to old trap shy beavers. It is made of good quality northern castor. One Montana trapper took over 30 beaver in one day with this lure. This is one lure that the beavers cannot seem to pass up!

John Graham's Super Bonanza Predator Food Lure - One of the hottest lures available. This is based on Bonanza Mild, but with some "kickers" added. The result is a quality curiosity/call type lure, with a "sweet" skunk smell. All around canine lure, anywhere, anytime. Deadly on coyotes on T-bones. It can be used in a variety of ways - dirt holes, flat sets, cache sets, etc. A personal favorite for fall fox and coyote, any location, any set that needs a lure other than gland.

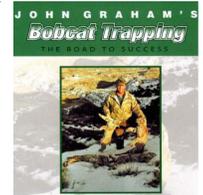

John Graham's Badlands Bob Bobcat Gland Lure - This is a great bobcat lure that John introduced to trappers a few years ago. This lure has a bobcat gland base, and will appeal to bobcats in a variety of uses. I know of no other lure that smells even remotely like this one. I've had people tell me it worked when nothing else will. One of the very best combination 'cat and canine lures made. It is 'cat lure at its finest. A favorite of many cat trappers when used with bait. This lure is used by cat trappers as well as fox and coyote trappers that desired a changeup lure.

Lure

Forsyth Lures Coyote Delight 50ML (1.7oz) - The name says it all! Compounded from ingredients present in the coyote's everyday diet; Coyote Delight is a heavy paste lure designed to stop the wily dog in its tracks. Try a jar and catch more fur!

Forsyth Lonesome Tom Lure 50ML (1.7oz) - Every cat's passion! Developed in 2010 with 30 years of lure making experience going into this jar. Cats can be reluctant to investigate odors at times, but this one was formulated to enhance their sexual response and curiosity. Trapper's can't depend on food odors alone when rabbit cycles are high.

Forsyth Coyote Gland Lure 50ML (1.7oz) - Some things improve with time. This thick, well-aged gland-based lure is blended from the finest cut of Alberta coyote glands. Formulated to take advantage of the animal's natural territorial instincts this lure is dependable and will work all season. A Forsyth favorite!

Forsyth Coyote Call Lure 50ML (1.7oz) - A precise blend of oils and musk with a pinch of skunk makes this one a top fur producer. This is a milder type call lure which will work hard for you all season - great for all canine sets.

Forsyth Predator Long Distance Call Lure 50ML (1.7oz) - The name says it all; a very strong mixture of musks makes this one a top fur producer. It deserves its long standing reputation for being one of the best predator lures in the industry. Loaded with weasel glands. Can be used right at the set.

Forsyth Fox Gland Lure 50ML (1.7oz) - One of the lures we reach for on the line. This thick heavy paste blend of fox secretions is properly aged to produce fur all season long and works well at any type of set.

Forsyth Fox Call Lure 50ML (1.7oz) - Does what the name says - calls the fox in. A shot of pure skunk gives this carefully blended lure an added boost. Equally as good on coyote and bobcat, Fox Call will work almost as hard as you do. Formulated to be used in most weather conditions it has been tested to -40F. Try a bottle!

Forsyth Timber Wolf Gland Lure 50ML (1.7oz) - If you are serious about trapping these elusive animals this is the lure for you. A true favorite of the hard core wolfers, this thick gland lure is extremely powerful. Count on it!

Forsyth Timber Wolf Call Lure 50ML (1.7oz) - This specially designed mid-range lure is a supreme blend of fixed base oils and ingredients that are highly attractive to the wolf family. This can be used alone or in combination with our Wolf Gland Lure. It meets our rigid standards - you be the judge.

Forsyth K9 Triple Take Lure (Coyote, Fox & Cats) 50ML (1.7oz) - This one was developed in 2006. It is a strong curiosity type paste lure, good all season, and they will tear the set up to get after this one. Test after test proves this one to be the best. Sure to be the hottest selling predator attractor on the market.

Forsyth Bobcat & Lynx Lure 50ML (1.7oz) - Big seller in northern BC and Alaska; highly effective, very strong and definitely an all season lure which appeals to the cat's natural curiosity. Bobcat & Lynx has the ability to draw out the feline and hold its interest at the set. Works well in all types of terrain.

Forsyth Lynx Gland Lure 50ML (1.7oz) - Due to high demand from the cat trappers, this lure was formulated from fresh lynx glands and secretions precisely seasoned. It brings out the territorial instinct of every cat! Put up in a thick freeze proof paste. Works on coyote and wolves as well.

Forsyth Wolverine Gland Lure 50ML (1.7oz) - Twenty years of use have proven this to be a great attractor for the "old devil." Long line trappers use this to trap this elusive and destructive opponent. Contains genuine musk of weasel glands. Not one to be without!

Forsyth Fisher & Marten Lure 50ML (1.7oz) - Without a doubt this is the best Fisher & Marten lure on the market today! Constant demand makes this a huge success and a sellout every year. For the 18th year in a row this has been our number one seller.

Forsyth Weasel Lure 50ML (1.7oz) - Developed due to a high demand and strong ermine prices, this lure is based on a blend of weasel glands and natural food ingredients.

Forsyth Beaver Call Lure 50ML (1.7oz) - An old standby with thousands of beaver to its credit; this thick, dark, waterproof lure endures spring rains and autumn frosts. Used by professional government trappers everywhere for beaver control it has been rated a top notch beaver lure. Anytime! Anywhere!

Forsyth Beaver Lure 50ML (1.7oz) - Exceptional in quality this product is a rich red oil-type lure with a different twist and excellent for a change-up lure on the wise old flat-tails. Formulated to meet the high standards of Forsyth Lures this one will be sure to pull the beaver in.

Forsyth Trouble Maker Coon & Fox Lure 50ML (1.7oz) - Trouble Maker was developed in 2009, tested in Nova Scotia and customers throughout New York and Iowa in either Cage Traps or Dog Proof Raccoon Traps. This heavy paste type curiosity food based with a sweet smell makes it deadly attractant to the coons! Freeze proof and long lasting in cold & wet weather. Further testing has also proven that grey fox are extremely enticed to it!

Forsyth Mink Gland Lure 50ML (1.7oz) - A natural mink gland lure, full of glands and secretion for the wise old buck.

Bait

Forsyth Old Time Fox & Coyote Bait 250ML (8.45oz) - Natural long-lasting paste for use in the buried flat or dirt hole set - great stuff. Excellent as a stand-alone bait; but combine it with Coyote Gland Lure and watch the fur fly. One spoonful of OLD TIME BAIT is all you will need.

Forsyth Bear Tease Bait 250ML (8.45oz) - A premium blend of real bear calling agents developed especially for bear stations, government bear survey and camera viewing. Will call bears in.

NIGHT OWL LURES

1 oz. \$5.50 & 4 oz. \$18.00

1 oz. \$6.00
4 oz \$20.00

Night Owl Brush Fire LDC Lure - was originally formulated for fisher and martin trapping in the cold north, this lure quickly became a favorite of canine trappers too. Not "skunk and junk" but rather a rich paste form with a dominant mink musk.

Night Owl Castor Master Beaver Food Lure - a blend of food ingredients that are natural to the beaver's diet and put into a paste form for ease of use around the water.

Night Owl Chain Reaction Curiosity Lure - puts together two powerful food odors, combines them with some of the most attractive musks, and a long aging process, and the result is a lure that causes an incredible response from predators. A multiple reaction product that keeps them at the set longer.

Night Owl Cold Roller Food Lure - a non meat food call lure that is invaluable at flat and projection sets as well as dirtholes. Very sticky and syrupy. When you trap in an area for the first time or "go in cold", make sure you have this penetrating lure with you.

Night Owl Coyote Gland Lure - Coyote Gland yote parts. If you are serious about targeting coyotes, have this one by your side.

Night Owl Bobcat Gland Lure -In the mold of the rest of our gland lures, this is a rich, creamy blend packed with cat attracting essentials. Great change-up for K-9s too.

Night Owl Creekside Call Lure - an honest to goodness all call lure. Excellent on muskrat and mink, but you can use it early on the canines too, especially grey fox. One bottle of lure you can use for any application.

Night Owl Crossbones LDC Lure - has unmatched calling abilities. Pure skunk odor that won't get hidden under a blanket of greasy or waxy film like some others. Works great for Coyotes, Fisher, Marten, Bobcats, Wolf.

Night Owl Ditch Digger Muskrat Food Lure - not one of those sweet, minty smelling rat lures. Instead we have created an odor that duplicates a muskrat's food source of roots and vegetation. A true food call for floats or around feed beds and pockets.

Night Owl High Honors Food Lure - made of a base from ground mice which makes this particular lure a universal lure to all predators. Carefully blended ingredients added to the base enhances the food odors in this lure. Deadly at dirthole, mouse hole or hay bale sets where mouse smell is natural.

Night Owl Holding Pattern Food Lure - a natural food/call lure formulated to do just as the name implies, hold them at the set longer. Putting the odds in your favor. Heavy on real food ingredients and light artificial oils. This one really shines on remakes.

Night Owl Mink Gland Lure - made of clean cut mink glands that are full of musks. Loaded with glandular odor and other mink attracting oils and musks. Coyote trappers looking for a change-up will be pleased with this mink gland.

Night Owl Ontario Beaver Castor Lure - CRAMMED full of castors from beaver taken from the tributaries of Lake Ontario. Only premium eastern castors are considered when compounding this lure. Night Owl's Best Selling Beaver Lure. A favorite of many North American Trappers.

Night Owl Open Season Curiosity Lure - an early to mid season lure that will arouse the curiosity of the cats and canines as well as big boar coon. Loaded with beaver castors. Won't overpower or spook the canines early on with harsh smells but formulated to withstand weather.

Milligan 200 Proof L.D.C. Skunk Essence Lure - heavy skunk essence odor by Milligan Brand Premium Animal Lures.

Milligan 200 Proof Shellfish Plus Lure - Several years ago Ray Milligan billed this new product as "calls and catches everything". Now trappers know it too! It blends concentrated shellfish oil along with five rare and exotic oils from both plants and animals to create this amazing animal lure.

Milligan Big Cheese Lure - This aromatic lure has the zingy odor of cheese with a base of fatty acids. Everything needed in one lure to take large numbers of a variety of predators. Appeals to the fox and coyotes food and curiosity instincts. Also, terrific for coons and bobcats.

Milligan Big Time Lure - This lure has really developed a following of predator trappers on both sides of the country. A sweet blend of castors and musks that will take finicky fox and coyotes when others fail. Also a super bobcat taker. A first class lure with long lasting qualities.

Milligan Blue River Coyote Gland Lure - This high-powered lure is made of a select cutting of coyote glands not used by any other lure manufacture. A thick, long lasting lure that smells like a coyote. Freeze proof and good all season.

Milligan Cat-man-do Bobcat Lure - Terrific calling range. Here's the bobcat lure that jumped to number 1 nation wide in only years from it's introduction to the public. This terrific lure is a perfect blend of the bobcat's favorite foods and curiosity musk.

Milligan Cat-Man-II Bobcat Lure - This lure is a real sleeper, and really underestimated by most trappers. Cat-Man-II is an early season attractant in the milder climates. A mild exciting smell of fresh fish, mints and exotic musks make this lure a gem for the bobcat trapper.

Milligan Coon Creek Lure - A The sweet fragrance of this superior lure will catch the attention of every passing coon. A food base combined with two rare oil extracts create this masterpiece for the coon trapper. Freeze Proof and long lasting in cold or wet weather. Terrific for fox and coyote, too.

Milligan Gila Bobcat Gland Lure - This lure employs a special cutting of bobcat glands,blended and aged, to create a supreme lure for the bobcat trapper. This lure is also highly attractive to the wild canines.

Milligan Hen's Revenge Lure - An early season non-meat lure, containing eggs and a synthetic curiosity agent. This one can take early season fox and coyote when their stomachs are in the transition period from summer to a winter diet. A lure that will be a valuable addition to your fall trapline. Also good on coon all season.

Milligan Pecos Gray Fox Gland Lure - A special cutting of gray fox glands along with "in heat" urine make up this powerful gland lure with the serious gray fox trapper in mind. A 100% natural blend, thick and long lasting.

Milligan Slippery Rock Red Fox Gland Lure - This powerful "scent of fox" is crucial for the serious fox taker. The lure compels the fox to investigate your sets. A thick, long lasting lure that will improve your catch.

Milligan Steppenwolfe I Fox & Coyote Lure - Here is my number one seller! This is the most productive all round predator lure ever offered to the Trapper. The reason? This lure employs two territorial elements, three food and musk items and several curiosity attractors.

Milligan Steppenwolfe II Fox & Coyote Lure - Brother to Steppenwolf I, this loud musk lure is considered superior to it's big brother by many trappers east and west. Fox men continually insist it's the finest lure around for reds and grays. Good all season.

Milligan Taos Beaver Castor Lure - Here's a mixture loaded with castorium and two special ingredients that will "pull-in" beaver from across the pond. Very thick, loud and long lasting with no equal in today's marketplace.

Milligan Predatory Chunk Bait 16 oz. - This bobcat meat bait is top dog for fox and coyote men across the country. This "sweet meat" solution will offer bait with high appeal for eating, but also a curiosity element for the canine's sweet tooth. \$9.00 Per Jar

Grawe's Lures & TRAPPING SUPPLIES

Grawe's Lure

1 oz. \$6.00 4 oz. \$20.00

Grawe's Big Red Fox #1 - This is a thick, rich, heavy-bodied gland lure. Buffed with heat urine that will really "fox" any set, it helps to eliminate that nervous shyness in both reds and greys. A very fine lure for baited dirt holes, post sets and flat sets.

Grawe's Cat Puddy Cat Bobcat #1 Lure - Aged glands with strong odor of the cat family. A rich pasty lure that keeps the cats attention at your set.

Grawe's Chain Saw Beaver #1 Lure - This very fine lure is made with a base of only the finest dark, aged castor, then blended together with three very important essential ingredients. This lure will have the beavers coming in to the sets so quick you will have to watch your back! A heavy "pasty" lure that won't wash or freeze out. You'll agree that it will really help put a lot of beaver on the boards.

Grawe's Cross Creek Raccoon Lure - This lure has a special base that won't wash out or freeze out. While the main ingredient is not recognized by most trappers, you will soon find that coon will make an extra effort to get to your sets. You will have the pleasure of discovering how coon "zero in" on your sets like you wouldn't believe.

Grawe's Dakota Grand Coyote #2 - This is a lure that stands apart from the rest in its ability to get coyotes to risk their hide by hanging around working the set until they are caught. A lure that will last days and even weeks at a set.

Grawe's Fisher Getter Lure - A heavy, long reaching, non freezing lure that no fisher will pass up.

Grawe's Gray Stone Lure - The little grays can be quite finicky, and this gland lure really excites and removes fears. Grays can be caught quite easily anywhere they are found with the aid of a gland lure of this quality.

Grawe's Grey Ghost - This is a very concentrated, thick and pasty lure that will take a lot of fall rain and extreme cold temperatures. It has terrific calling power, attractive to fox, coyote, mink and coon.

Grawe's K7 Lure - A paste type lure that coyote, fox, cats, and coon simply cannot leave alone. This lure will not fade, dry out, or freeze out. A compelling odor every day of the year.

Grawe's Mink Pack Mink #2 - A heavy, pasty lure that is blended with aromatic musk that won't wash away. Contains a curiosity scent that is unbelievably attractive to mink.

Grawe's Musky Mink Gland Lure #1 - A gland lure deadly on long ranging, bank running, big, old, male mink. Also works well at dry sets.

Grawe's Rascal Fox #2 Lure - Here is a lure that certainly has no equal. It's a good heavy-based lure loaded with real fox calling odors. Most of the top fox men in the country buy this in pints to insure a season's supply. It doesn't matter what time of the year you use it, as it has the continuous ability to arouse the curiosity in a fox and cause him to work your set whether he is hungry or not. It has a deadly attraction to all the canines and no doubt is the most versatile fox lure on the market.

Grawe's Ratty Ratty Muskrat Lure - We all know that rats patrol their territory and are quick to investigate any new and unusual odor. Believe me, this rat lure will definitely attract a greater number of rats to your sets than the common apple, cherry, or wintergreen. Many trappers tell us this is an excellent coon lure. Good all season.

Grawe's River Horse Beaver #2 Lure - Here's a lure that really works on those old trap-shy beavers. This lure contains an ingredient most lure makers have never had the pleasure of working with. This lure is very versatile; works for mink, coon and coyote. Once you try this lure, you'll find it's worth every cent you paid, as it will bring you a great deal of satisfaction.

Grawe's Snare Paste Lure - This lure is put up in paste form for ease of application off the ground where it does the most good. When this lure is applied to brush or weeds a couple of feet high, it causes the predators to pace back and forth in the trails to locate the odor, and that greatly increases the chance that snares will be ignored or go unnoticed until it is too late.

Grawe's Snow Cat Bobcat #2 Lure - A potent cat lure with long range calling ability. Gets the cat to your set and keeps him interested.

Grawe's Winter Load Fox #4 Lure - A most effective and powerful long-range winter lure. It is made especially for use after freeze-up. It contains an "oily" skunk essence and can be used right at the set or on a weed or post three feet above ground. It can be used as a call lure 10 to 15 feet from the set. It's a long-lasting lure and a favorite with the late winter long-line trapper.

Grawe's Yote Duster Coyote #1 - A fresh, natural, true coyote gland odor. A thick, long lasting lure that really "yotes" a set.

Grawe's Bam! Bam! Liquid Mink Bait 4 oz. - Mink will swim small streams to get at this fresh, natural, long lasting odor. You cannot hide Bam! Bam! from mink. He will find it and work your set until he gets caught. Use with lure or alone, deadly either way!

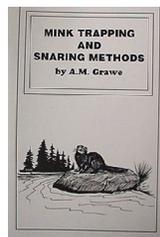

Grawe's Big Stinky Raccoon Bait 4 oz. - Has a rich, loud odor that leaves a real "zang" at any set. Fantastic results on land or water.

Grawe's Sweet Pete Raccoon Bait 4 oz. - This bait has a sweet base, yet has a penetrating odor that won't wash in rainy weather. Works great as a bait in live traps.

Grawe's Cowboy Canine Bait 8 oz. - A New Canine & Cat Bait. A loud food type call lure. Can be used at a variety of sets year round. Use alone or with any of our lures put up in paste form, freeze proof and easy to use.

Grawe's Mustang Sally Fox & Coyote Bait 8 oz. - A fox and coyote food bait, grabs their attention, triggers a natural desire to dig up and eat the bait.

Grawe's Fat Cat Bait 4 oz. - "Fat Cat" was put together for the serious cat trappers. The unusual odor is just the ticket for piling up good numbers of coyote. The often times finicky cats are easily taken in foot hold sets using this bait, and many are reporting very good success using it in cage traps also. "Fat Cat" works year round for fox and coon on dry land or water.

Jameson's Ultra Blend Lures

Jameson Lures: 1 oz \$6.00 & 4 oz \$20.00

Jameson's Ultra Blend Big 4 Predator Food/Gland/Curiosity Lure - This fine lure features a sweet musky blend of mink, beaver castor, a sweet urine spike and some fresh spring rat glands put up in an emulsified food signal base.

Jameson's Ultra Blend Bucks End Mink Gland Lure - This is just what the doctor ordered when it comes to the real fresh caught mink in the bottle odor. Full of just the right amount of sweet glands, food odors and other musks which mink find very appealing.

Jameson's Ultra Blend Erminator Weasel Gland Lure - Bob Jameson has finally done it, by creating "Erminator." This gland, curiosity, and food lure is an unbeatable weasel lure when it comes to chasing these little predators around the outdoors or the barn yards of America.

Jameson's Ultra Blend Fox Cream Food Lure - Starting with a perfected cultured egg base foundation, then built up with key glands, in-house made musks, a bold spike of skunk, a hint of good bladder urine and then aging to term, that is "Fox Cream". This lure is the Thunder and Lightning of our Predator Call Lures. Equal on fox, coyotes or cats.

Jameson's Ultra Blend Golden Essence Shellfish Lure - Golden Essence is a heavy "three oil blend" mix. This tri-oil blend of essences and musks will overpower and out last other common shellfish oil products quite easily. Its unique base mix will hold its odor longer and penetrate anything that it touches within seconds of application. It will take high water and still have residue oil left from the oil base ready to continue working after the water level drops back down. A great squirt and go lure for pocket and dirt hole sets. Don't mistake this for the ordinary trapper grade shellfish oil sold cheaply because Golden Essence is in a class of its own.

Jameson's Ultra Blend Lone Wolf Food Lure - A rich, musky and thick food lure that creates an intense interest in canines. This multi-ingredient lure has a nice blend of sweet northern castor and other food odors that are aged just right. If you want high attraction and durability in a lure this is the one.

Jameson's Ultra Blend Magnum Marsh Call Lure - This waterproof concentrate lure is packed full of rat glands. Magnum Marsh is infused with several other ingredients so that it captures the curiosity of water bearing animals such as muskrats, mink, raccoon, and nutria. This call lure was designed for water edge trapping but can be used for dry ground pocket sets and dirtholes.

Jameson's Ultra Blend Matrix Marking Scent - Jameson's Ultra Blend Matrix Marking Scent is a specific blending of glandular excretions, heat cycle period winter collected urine and a few other primary essential ingredients that make this lure so attractive. When applied to a prominent object this scent will stimulate an aggressive instinctive urination urge.

Jameson's Ultra Blend Midnight Raider Raccoon Lure - This lure is our pride and joy when it comes to talking about food call lures for coons. This lure has a good spike of sweet muskrat musk, a sharp fragrance call ingredient and a few other sweet food call oils that really beefs up the calling power of this excellent lure.

Jameson's Ultra Blend Ole Gray Master Lure - A very musky gland lure that emulates that true grey fox odor. Formulated with the same rigid standards as all of our predator gland lures. A top notch predator attractor that has a proven track record on coyotes and cats as well.

Jameson's Ultra Blend Prairie King Coyote Gland Lure - A highly attractive blend of sweet glands that the coyotes cannot pass up. They are driven by instinct to investigate this highly attractive odor of a new visitor to their territory. This formulation will take those food lure shy and problem coyotes quickly.

Jameson's Ultra Blend Rat Mate Muskrat Gland Lure - A bold blend of spring 'rat glands and other select ingredients which serve to enhance and promote the true musky gland odor.

Jameson's Ultra Blend Ring Master Coon Lure - A thick, rich and tacky coon lure that has a real sweet-sour odor which really attracts a coons interest. This lure base is very durable and sweet to the taste so when they get some on their paws and lick it, they are hooked if they aren't caught beforehand.

Jameson's Ultra Blend Seven Creeks Muskrat Lure - The ultimate muskrat lure when it comes to quality and calling ability. This is a formula of several food odor oils, a slight mint odor and a spike of spring rat glands blended in a durable base. A real top notch rat lure which will surely increase your rat harvest.

Jameson's Ultra Blend Shadow Stalker Bobcat Gland Lure - Shadow Stalker has developed its own following of serious cat trappers over the years. It's that ever so natural cat-like aroma that makes it so effective. Also, a great change up for those finicky late season coyotes and fox. An ideal lure for scratch up type sets in prime cat country.

Jameson's Ultra Blend Sierra Mist Bobcat Gland and Rubbing Scent Lure - A heavy presence of musky cat glands, winter collected cat urine, and a balance of two viscosity agents serve to bind all of the 15 ingredients together. A nice touch of skunk jump starts the scent drift of Sierra Mist into the thermals and wind currents of the night.

Jameson's Ultra Blend Ten Mile Curiosity Lure - This is a real high production beaver attractor. A chisel tooth lure that is a proven spring, summer and winter beaver scent.

Jameson's Ultra Blend Terminator Food Call Lure - For early to late season trapping this proven canine food call lure is top shelf all the way. Bold and full bodied by nature it has been laced it with just enough sweet skunk that allows this lure to hold fast and provide a constant emission of odor from your set.

Jameson's Ultra Blend Three Rivers Beaver Lure - This lure is a non castor formulated product solely developed for situations when castor based type products may not be well received by certain beaver. This does happen particularly in beaver that have been pinched or educated by some attempt to catch them. Three Rivers is a food and curiosity lure that will entice any traveling or resident beaver to investigate the origin of this new odor.

Jameson's Ultra Blend Magnum Cat L.D.C. Lure - A good blend of slightly aged "anal and reproductive cat glands", fresh winter cat pee, a good spike of skunk, the right blend of northern castor plus a few other things make for a supreme formula for the serious cat trapper. "Magnum Cat L.D.C." is a solid first class lure that has a real strong presence at a set. There isn't much left out of this scent and it has a built in anti dry out base to make it last longer.

Jameson's Baits

Jameson's Ultra Blend Baits XXX Matrix Predator Bait (Beaver Meat) - In essence a super charged aged Beaver meat paste bait. It is a food, a bait, a curiosity call and an LDC lure all in one. Sets baited with "XXX Matrix" are found quickly. **16 oz. \$15.00**

Jameson's Ultra Blend Baits XXX Matrix Predator Bait (Bobcat Meat) - In essence a super charged aged bobcat meat paste bait. It is a food lure, a bait, a curiosity call and an LDC lure all in one. I have used this predator bait for many years as a private stock bait on my own trap lines East, West and South. **16 oz. \$15.00**

Jameson's Ultra Blend Baits Nutcracker Squirrel Bait - This fortified paste bait spells "lunch time" for all species of squirrels and nut eating rodents. "Nutcracker" is a rich "nut flavored" blend of the squirrel's favorite food stuffs, all put up in one unique bait. Just smear some bait on a few walnut shells or a handful of acorns for eye appeal. It's very durable and weatherproof. **8 oz. \$7.00**

Jameson's Ultra Blend Baits Formula Two Woodchuck Bait - A unique proven blend of natural herbs and select oils make up Formula Two. This change up formula is another rich blended bait odor that chucks cannot resist. This unique bait is deadly on chucks with an enticing scent drift odor the woodchuck can't avoid. This bait is a great second trap set up product that gives them a different bait to investigate. Thousands of woodchucks are caught each year on this product. Always use eye appeal with these products for best results. **8 oz. \$7.00**

1 oz. \$5.50 & 4 oz. \$18.00

Welch's Addiction Trapping Lure - Designed to be a twist on an early to midseason lure. Mild enough to be effective on warm nights, but with enough twang to be effective when the mercury starts to drop. A food/gland lure with nice sweet/sour smell, this one will really get the job done during the first few weeks of season when most of the fur is taken.

Welch's Castor Blastor - A flagship beaver lure. If you're in the camp that thinks a beaver lure is a beaver lure, you haven't tried anything like this one. Superior to straight castor, this lure covers all the bases with a kicker blended in to really push it out there. Put up in a weatherproof base to handle rough, wet weather. Will do a bang up job on the rats and coon too.

Welch's Catatonic Bobcat Gland Lure - A superb gland/call lure for the serious cat man. Very intricate odor on top with a heavy shot of "sweet cat" backing it up. Not a pure quill blast out of the bottle, but it has a skunky backbone that makes it effective all season long. Not only is it great on cats, it absolutely shines on the canines and is super tough on those big, dry land boar coons.

Welch's Coon's Casket - Raccoon Trapping Lure - Originally designed to attract coon, Coon's Casket has gone on to become one of the finest "all around" lures ever formulated and put in a bottle. Has a good sweet & sour smell that puts it over the top as a coon lure & from there it has gone on to prove itself on everything from mink to coyotes. If you're a split-line trapper, this is an absolute must! Predator trappers, don't let it bother you that this is a "coon" lure, it will go toe to toe as a predator attractor on dry land.

Welch's Fascination Predator Call Lure - Loaded with good, old-fashioned, quality ingredients. Nothing foreign or exotic, just food smells that will get the animals to drop their guard and work a set. Parts of this lure have been copied for years, but it is the base odor that sets this one apart. Excellent on a wide range of animals. Topped off with a touch of pure skunk to make it hot! Tons of staying power. Great right at the set.

Welch's Gray's Galore Gray Fox Gland Lure - A good gray fox gland lure is one of the most underrated predator attractors out there. Excellent choice at flat and post sets for pressured canines.

Welch's Marsh Magic Trapping Lure - A multiple food based lure with an underlying odor of glands and sweet musk plus a zippy touch of mint to really push it out on the air currents.

Welch's Plum Crazy Trapper's Lure - A true early season call lure. A multiple food and gland base, with an underlying sweet musky odor to peak a predator's interest on those warmer nights. A nice smooth smell that won't overpower animals like a loud meat odor might when the temp rises.

Welch's Prairie King Coyote Gland Lure - Very thick and heavy. Plain and simple, it smells like the underside of a coyote's tail. Great at flat and post sets for pressured and old dog coyotes. For calling and luring coyote.

Welch's Pro's Pick Trapper's Lure - An outstanding formula plus quality ingredients equals an exceptional predator lure. Food, gland, curiosity...whatever they're in the mood for is included in this thick, oily lure that is a weather beater supreme. The food base in this lure is the devil to get a hold of and helps give it a good loud sour smell. Very versatile and effective, it is a mainstay on my predator trapline. Good from day one right on through the season.

Welch's Purrfect Lure - As finicky as cats can be, it's important to have an attractor that has a little bit of everything in it. This one covers all the bases. Purrfect starts with a heavy, thick, cat gland and multiple food bases and then is topped off with pure, authentic catnip. Not only a great cat lure, it is excellent on fox, coyotes, and coon. One lure I don't trap without!

Welch's Redneck Red Fox Gland Lure - A great red fox gland lure that has a smooth foxy smell, not a rank ammonia odor. At flat and post sets or at dirthroles with bait, this gland lure will last at the set and get the job done. Old school smell that comes from being topped off with real spring rat glands also, just like it should be!!!

Welch's Ringo Raccoon Lure - Complex is not a word that is often associated with a coon lure, but with over a dozen ingredients and twice that many test batches, this lure is just that. A sour main push backed up by a lingering sweetness makes it different from most coon lures and helps it perform on colder nights when straight sweet lures taper off.

Welch's Super Shellfish Lure - Its signature dark color comes from a unique, heavy oil that strengthens and fortifies the shellfish base. Stronger and longer lasting than straight shellfish.

Welch's Welch Spotted Fever Bobcat Gland Lure - Outstanding all season cat lure, but really shines later on when mating season is in full swing. Good on the canines and dry land coon as a changeup, as well as being very attractive to late season toms.

Welch's Baits & Sauces

Scott Welch's Canine to Feline Trapper's Bait 8 oz. Jar - Fresh fish out of the Great Lakes put up fresh and ground down into an easy-to-handle paste. Favored by commercial fishermen as a bait and a chum block because of its oily nature and strong smell, the same qualities that make it a fine bait for all predators, all season long. Outstanding on coon. Order early to ensure availability. **\$6.00**

Scott Welch's Fusion Predator Trapping Bait 8 oz. Jar - More than just a bait, this is a predator magnet. Made with the hard-hitting dirthole trapper in mind. Punch em in, give it a smear of Fusion, cover with a grass plug and be on your way. Fusion can stand alone or be used in conjunction with lure and/or urine. **\$6.00**

Scott Welch's Lights Out Predator Trapping Bait 8 oz. Jar - Three different types of fish fine ground and mixed into a super oily solution. Has a hauntingly sweet smell worked in on the backside that becomes more pronounced in warmer, early season weather, when it is needed most. A great choice for pipe and pocket sets and dog proof traps. **\$6.00**

Scott Welch's Phantom Canyon Trapping Bait 8 oz. Jar - A bobcat meat based bait aged to a very light taint for a true hunger response. Put up in a natural smelling solution for peak attractiveness. If you are looking for a fresher smelling bait and still want the attractiveness of bobcat meat, this is it. **\$6.00**

Scott Welch's K-9 Hot Sauce Bait 8 oz. and Pint - A super oily liquid bait, K-9 Hot Sauce will hold up to nasty weather conditions and causes an intense digging reaction from predators. It can be used as a "shoot and go" bait, a lure, bait enhancer, or a predator trailing scent. K-9 Hot Sauce excels on K9's and does a better than average job on cats & coons. **8 oz. \$9.50 & 16 oz. \$16.50**

Scott Welch's Magnum Hot Sauce Bait 8 oz. and Pint - Magnum Hot Sauce begins with the same base as K-9 Hot Sauce, but is bolder and has other ingredients added, including a good spike of skunk to really ramp it up. Use it right at the set as a liquid bait call lure, late season bait spike or as a trailing scent at leaning pole sets; just turn it loose, it will get it done. **8 oz. \$9.50 & 16 oz. \$16.50**

Scott Welch's Predator Trapping Theories & Techniques - This new book covers equipment, location, set construction, lures and baits, line layout and management, and several other topics along the way. Written in a down to earth style that Scott is known for, this book displays no chest-thumping, just solid, fresh information to help you on your predator line. Whether you are targeting coyotes, fox, bobcats or all of the "big three", this book can help you succeed. 145 pages **\$15.00**

Soup Can Dog Proof Trap

In the true spirit of trapping we use everything at our disposal to make our sets. This is why the soup can trap is so different from other traps because you provide one of the key components of the trap. You supply the outside body of the trap from any soup can with a 3" opening. This saves you money by allowing you to use something most people would

throw away. The can protects your trap and its internal components. When the can wears out, put on a new one. It is that simple! The trap is designed to catch the inside lip of the can left from using a regular can opener. The trap is made from 12 gauge flat iron and 18 gauge pipe, a strong torsion spring, and a hardened steel wire hair trigger mechanism. The face of the trap has a 1/4" hole on one side for fixing the trap to objects by means of wire, staple, screw, or nail. It comes equipped with a 1 foot 1/0 loup trap chain and heavy metal swivel.

\$125.00 Per Dozen, \$70.00 ½ Dozen or \$12.95 Each

Z Trap with Two Way Trigger System

Designed by a professional trapper. Heavy duty chain comes with three swivels, one at stake, one inline, and one at the end to be used for stake or drowner. Ztraps feature durable, powder finish with black, zinc coated spring & trigger components. No waiting for traps to rust, no dying or waxing required. Just purchase and use. It's that simple!

**Brown - \$139.95 Per Dozen, \$72.95 ½ Dozen or \$12.95 Each

Coon Collector Dog Proof Coon Trap

The Coon Collector Dog Proof Coon Trap is changing the way trappers look at Dog Proof Raccoon Traps. These compact little traps feature a "Chinese Finger Trap" holding method in which the coon, once caught, pulls against

the door causing it to tighten on the paw. There is a door on the bottom of the trap for easy baiting and cleaning.

\$145.00 Per Dozen, \$70.00 Per ½ Dozen or \$13.95 Each

Wolf Creek's Diablo DP Coon Trap

This trap is sure to revolutionize the DP market, it has all the features of other dog proof traps and then some.

The Zinc coating on the Diablo assures this trap is ready to go out of the box and will be easy to spot when checking your trapline. Perhaps the most advanced feature of this trap is the convenient rear clean out bait door. The clean out door allows you to clean this DP without the aid of any tools. NO MORE JUNKED UP TRAPS. Comes standard with two heavy duty swivels, machine chain and strong music wire spring.

\$99.95 Per Dozen, \$55.00 Per ½ Dozen or \$9.99 Each

Duke Coil Spring Traps

Coil Spring Traps are foot-hold restraining devices used to catch and hold wild animals. This style of trap has been in use since the early part of the 20th century and is widely accepted as a cost effective and efficient tool for managing wildlife populations. Coil Spring Traps are manufactured of steel components and powered by a set of compact coil springs. Models range from the small #1 CS with a 4" jaw spread for mink to the larger #4 CS 4X with a 6.5" jaw spread for coyote. Duke also offers two models of humane rubber padded jaw traps for fox and coyote.

Duke Body Grip Traps

Duke Body Grip Traps are rotating jaw traps used to quickly catch and dispatch wild animals. This style of trap was developed during the 1950's and has steadily increased in use due to the versatility and effectiveness of the trap design. Duke Body Traps such as the #330 and the #280 are widely accepted by state and federal wildlife agencies as the most effective humane traps for beaver population control.

Duke Long Spring Traps

Long Spring Traps are among the most traditional foot-hold restraining devices used to catch and hold wild animals. This style of trap was first produced by primitive hand forge methods and was later mass produced beginning in the mid 1800's. Like other foot-hold traps, Long Spring Traps are manufactured of steel components but are powered by tempered steel springs that extend out from the trap. Long Spring traps by design are very secure in holding power and are preferred by trappers for this very reason.

Stakes & Staking Systems

Nice Michigan Coyote Trapped by John Chagnon in November 2015 using AuSable® Brand Trap Anchor Cable Stake, Duke 1.75 Coilspring Trap and Lenon Coyote Lure.

AuSable® Brand Trap Anchor Cable Stakes Available with 15", 20" & 30" Cable Attached

AuSable® Brand Trap Anchor Cable Stakes are perfect for trapping everything from coon to coyote. AuSable® Brand Trap Anchor Cable Stakes are 1-1/2" wide x 3-1/2" long providing a large surface area that will stay where you put them.

The AuSable® Brand Trap Anchor Cable Stake is a good all around anchor and is 11 gauge thick. Can be used with wire, cable or chain. If you want to hold large Coyote, Bobcat and Boar Raccoon you need the holding power of our AuSable Brand Trap Cable Stake.

Can be pulled out with a Bull Dog Stake Puller and pounded straight for reuse. When using AuSable® Brand Trap Anchor Cable Stakes make sure you can not pull out of the ground at your set location. As long as you cannot pull out of ground no North American Furbearer will be able to pull the AuSable Cable Stake. Use any driver compatible with WCP Wolf Fang Stakes.

Trap Setters

RTS Heavy Duty Bodygrip Trap Setter-

A very effective tool for setting springs on all body grip traps with only one hand. Keeps hands free of getting in the firing zone of body grip traps. Unlike the imitators, the RTS setter hooks on the spring arm of the trap not the spring holes. This eliminates extra strokes,

spring damage and also allows easy removal of stiff awkward catches wedged tight in the trap frame.

\$54.95

Coon Creek Self Locking CC-Coni Setting Tongs-

Coon Creek has taken locking conitongs to a new level. All the clutter has been removed from the outside of the tool and added an internal spring to assure positive lock-up everytime. There won't be no jumping past this lock groove. The spring is under the trigger mechanism so it's totally out of the way and hidden so it's not catching on everything and ripping holes in your gauntlets.

Night Eyes Red LED Gun Light Kit Model: F6-R \$139.95

Night Eyes Super Bright Twin Beam White LED Headlamp Kit Model: HL50 Only \$169.95

This Li-ion powered twin head dual white LED headlamp is arguably the brightest headlamp of its kind on the market. Some companies inflate their claims on Lumens however, since this light meets the ANSI / FL-1 requirements (American National Standards Institute) I am able to say without question it has a true 1800 Lumens. To give you an idea of how bright the HL50 is, when set at full power the HL50 is as bright or even brighter than the high-beam on most vehicle headlights.

It features a unique micro controller which offers practical functionality with 8 easily-accessed brightness modes (with memory) and 4 hidden strobe/flash modes. The HL50 is also extremely lightweight and comfortable to wear for long periods of time. It weighs only 10 oz with the batteries installed. It provides excellent runtimes with the two 18650 rechargeable batteries; approx. 2hrs on max mode (1800 lumens) and up to 67 hours on low mode (50 lumens). The HL50 features a user friendly compartmentalized power driver / switch for added safety.

It provides all the same features as our HL08 series headlamps. However, due to the extreme amount of light output, the HL50 requires two batteries with a total voltage of 7.4V. In summary, the HL50 is the ultimate outdoorsman headlamp great for raccoon hunting, fishing, biking, camping, hiking, caving, mushing or any activity which requires hands-free lighting.

Bob Noonan

5X5/155 Bodygrip Combo Marten and Fisher Set & Marten / Fisher Fur Handling

A trap set that takes both marten and fisher, and the right way to handle their fur for the most value. Marten and fisher often share the same habitat and are attracted to the same baits and smells, and ideally trappers want both. But because of their very different body size, finding a trap for both has been a problem. The #120 suitable for marten, is too small for fisher, whereas the #160 and #220, suitable for fisher, are too large for marten. Now there is a trap size that will consistently catch both the new 5x5 and #155 double spring bodygrippers, both with full 5-inch inside jawsreads.....**\$29.95**
